

information

-  ECA - EC Event
-  Festival
-  Choir Competition
-  Composition Competition
-  Event for choral directors/conductors
-  Event for individual singers
-  Event for choral managers Conferences

On the following pages you will find choral events and activities all over Europe and beyond for choirs and singers, conductors, composers, music teachers and managers. All events are international and usually open to the participation of people from all over the world. The European Choral Association - Europa Cantat does not specifically recommend any of these events, it merely wishes to offer a platform with information about choral music as a service to its members and users. Only events marked with the logo of ECA-EC are official events of our association - further details of these events can also be found at www.EuropeanChoralAssociation.org -> Events 2012 -> organized by us.

In addition each year we recommend some events for choirs and for conductors which are not organised by us but which fully agree with our general philosophy. The European Choral Association - Europa Cantat has no responsibility for the content and organisation of these events which can be found on our website under the same heading, at the end of each year.

Details on all activities listed below can be found at www.EuropeanChoralAssociation.org -> Events -> Calendar of choral events, where it is also possible for organisers of international activities to submit their event online so that it will automatically be added to this list in the *ECmagazine*.
